## AGCO 2018 GRI INDEX

This content index is for reference to locate GRI disclosures in AGCO's 2018 Annual Report and company website. It has been prepared in accordance with the GRI Standards (Consolidated Set of GRI Sustainability Reporting Standards 2018). We published our Annual Report on Form 10-K on March 1, 2019. The data and information in this report relates to the fiscal year ending December 31, 2018, unless otherwise stated. For a detailed explanation of the GRI reporting methodology and indicators, visit the GRI website (www.globalreporting.org).

Profile Disclosure	Disclosure	Location of Disclosure
302-5	Reductions in energy requirements of products and services	www.agcocorp.com/commitment.html
304-2	Significant impacts of activities, products, and services on biodiversity	www.agcocorp.com/commitment.html
305-1	Direct (Scope 1) GHG emissions	36K CO2e for significant manufacturing locations in 2018
305-2	Energy indirect (Scope 2) GHG emissions	114K CO2e for significant manufacturing locations in 2018
305-3	Other indirect (Scope 3) GHG emissions	AGCO does not track GHG Scope 3
305-4	GHG emissions intensity	1.60% GHG/Net Sales in 2018
305-5	Reduction of GHG emissions	AGCO's manufacturing operations require various sources of energies: electricity, natural gas, and other fuels. We continually aim to reduce our energy consumption and costs to help us improve our energy efficiency and in-turn, reduce AGCO's GHG emissions.
305-6	Emissions of ozone-depleting substances (ODS)	AGCO does not track ODS levels beyond local compliance
305-7	Nitrogen oxides (NOX), sulfur oxides (SOX), and other significant air emissions	AGCO does not track ODS levels beyond local compliance. Our engines comply with the varying regulatory emissions regulations in the countries where we do business including European Stage 5 regulations, which are intended to reduce the impact of pollutants to the environment.
306-2	Waste by type and disposal method	Waste by type and disposal method is in compliance with local regulation and monitored at the facility level
306-4	Transport of hazardous waste	AGCO is fully compliant with local laws on transportation of hazardous waste and materials
307-1	Non-compliance with environmental laws and regulations	AGCO did not have any material penalties or non-monetary sanctions for non-compliance with environmental laws in fiscal 2018.
308-1	New suppliers that were screened using environ- mental criteria	AGCO uses a risk management process to screen all direct material sup- pliers for environmental risks. We do not disclose results publicly.
308-2	Negative environmental impacts in the supply chain and actions taken	AGCO's supplier risk management process has not uncovered any negative environmental impacts in our supply chain.
Social		
401-2	Benefits provided to full-time employees that are not provided to temporary or part-time employees	In the U.S., the offering includes Dental, Vision, Life insurance, Voluntary Life, Voluntary Critical Illness, Hospital Indemnity and Group Accident plans, Health Savings Accounts, and/or Disability Benefits. In other markets, the offering varies by health care system.
402-1	Minimum notice periods regarding operational changes	Notice periods are fully compliant with local regulations and supplemental to collective bargaining agreements by location.
